## About Geotab

Geotab is a leading global provider of premium quality, end-to-end telematics technology. Geotab's intuitive, full-featured solutions help businesses of all sizes better manage their drivers and vehicles by extracting accurate and actionable intelligence from real-time and historical trips data. With more than 900 million data points collected by Geotab devices and delivered to the platform per day, Geotab is a global leader in making actionable business intelligence and benchmarking data accessible to improve productivity, optimize fleets through the reduction of fuel consumption, enhance driver safety, and achieve stronger compliance to regulatory changes. The company's products are represented and sold worldwide through its Authorized Geotab Resellers. **To learn more, please visit [www.geotab.com](http://www.geotab.com)**
